

AGENTIC AI & STARTUP INNOVATION

Build a startup with Agentic AI.

A project-led college experience that connects AI awareness, RAG, agent workflows, validation and a founder-style pitch.

ONE OF 50 COLLEGES SELECTED NATIONALLY

Choose the delivery format that fits your college

Live online foundation · on-campus build lab · a combined journey can be planned with the selected institution.

sintechnologies.in/sin-exploration

TWO DELIVERY MODES

One goal: a credible startup concept.

Colleges may choose one mode, or discuss a combined online-to-campus journey.

1.5 hours

Live online session

- From chatbots to goal-driven AI systems
- Plan → act → observe → reflect → improve
- RAG, grounding, citations and failure modes
- Startup problem, user and value proposition
- Challenge brief and 30-day next step

1.5 hours

On-campus session

- Problem selection and rapid validation check
- Planner, researcher, executor and reviewer roles
- Compact RAG or grounded prototype concept
- Testing for relevance, safety and evidence
- Team pitch and practical next-step roadmap

STUDENT OUTPUTS

Opportunity canvas · agentic architecture map · low/no-code or coded prototype · evidence-grounded demo · pitch outline · execution roadmap.

Eligible branches, cohort size, online platform, campus venue and schedule are mutually confirmed in writing.

SIN EDUCATION AND TECHNOLOGY PRIVATE LIMITED

Built in Jodhpur. Working toward national impact.

SIN is an education and technology company that builds practical learning programmes, innovation spaces and applied AI experiences for students and institutions.

INCORPORATED

**9 January
2024**

Private limited company registered under the Companies Act, 2013.

CORPORATE IDENTITY

U85500RJ2024PTC092019

Registered office: Jodhpur, Rajasthan.

STARTUP RECOGNITION

**DPIIT
recognised**

Certificate
DIPP173732, issued 8
August 2024;
document states
validity up to 8
January 2034, subject
to eligibility conditions.

LEARNING ECOSYSTEM

AI education + innovation

SIN School of AI, institution-led programmes and SIN Innovation Centers.

Evidence note: Incorporation and DPIIT details come from the supplied company-document PDF. Registration establishes legal status; it does not mean this event is government sponsored or endorsed.

WHAT THE ORGANISATION IS
BUILDING

Learning that moves from awareness to creation.

Practical AI learning

Workshops, courses and guided projects built around real use cases.

Institutional programmes

Formats designed with schools and colleges, online and on campus.

Innovation environments

Pathways for AI, XR and emerging-technology experimentation.

Responsible application

Verification, safety, human judgement and evidence remain part of the learning process.

FOUNDER & LEAD EDUCATOR

Er. Harshvardhan Purohit

Founder & CEO · AI educator · engineer · entrepreneur
· researcher

Teaching philosophy: help students move from passive AI use to thoughtful building, testing and explanation.

01

Academic foundation

B.Tech in CSE (AI & ML), BTU Gold Medal, CGPA 9.02; MBA in AI & ML completed through Mody University CODE with 94%, as listed in the supplied profile.

02

Advanced learning

Profile lists Stanford Online supervised machine learning study and IIT Madras NPTEL Elite certification in Python for Data Science.

03

Founder journey

Founded SIN Education during the final year of B.Tech and leads the School of AI and SIN Innovation Centers initiative.

04

Current research

Currently pursuing a PhD in Computer Science at Mody University, according to the supplied September 2026 profile.

05

Teaching focus

Applied AI, prompt engineering, agentic systems, entrepreneurship and emerging technologies.

Profile facts are reproduced conservatively from the supplied founder dossier.
Time-sensitive social metrics were intentionally omitted.

INSTITUTIONAL REACH

Learning already taken beyond one classroom.

Institutions below are drawn from SIN's supplied session record and partner-school list. Logos shown are official-site marks where a reliable match was found.

COLLEGES AND UNIVERSITIES · SESSIONS / INSTITUTIONAL ENGAGEMENTS REPORTED BY SIN

 Lachoo Memorial College Jodhpur	 Lucky Institute of Professional Studies Jodhpur	 G.D. Memorial College Jodhpur	 JIET Group of Institutions Jodhpur
 Aishwarya College of Education Jodhpur	 Mahila Technical & Management College Jodhpur	 MBM University Jodhpur	 Mody University Lakshmangarh
 Mewar University Chittorgarh	 Vivekananda Global University Jaipur	 Somani College Institution name supplied by SIN	 Government College Jodhpur

SCHOOLS COVERED

 Bal Mandir School	 Gurukulam School	 Great Satyam School	 Sri Aurobindo School
 Laxmi Devi Mundra School	 Chopasni Public School	 PG Public School	 Future Kids School
 Agarwal Jamna Devi School	 St. Austin Sr. Sec. School	 PM Shri Government School	 Lucky Bal Niketan School
 Lucky International School	 BDRKA School	 Mahatma Gandhi Government School	 New Modern School

Accuracy note: ambiguous names were not matched to an online logo unless the location and official domain were clear. A logo identifies the institution only; it does not imply endorsement of this event.

THE BUILD CHALLENGE

Think like a founder. Build like a team.

Teams turn a meaningful campus, community or industry problem into a demonstrable AI startup concept.

01 · Define the opportunity

User, pain point, constraints, ethical risks and a measurable outcome.

02 · Design the startup

Value proposition, customer journey, assumptions and validation plan.

03 · Map the agent system

Agent roles, tools, RAG sources, guardrails and human checkpoints.

04 · Prototype & test

Grounded demo, scenarios, hallucination checks, safety, latency and cost.

05 · Present the roadmap

Evidence, business logic, architecture and a focused 30-day plan.

No prior AI specialisation is required. Teams should have access to laptops for the build lab.

FOUNDER & LEAD FACILITATOR

Er. Harshvardhan Purohit

Founder & CEO, SIN Education and Technology Pvt. Ltd. · Director, SIN School of AI · B.Tech Gold Medalist in AI & ML · PM Shri National AI Expert · technology educator and startup builder.

About SIN School of AI

The learning wing of SIN Education and Technology Pvt. Ltd., focused on practical AI, prompt engineering, data science, agentic systems, enterprise applications and institution-led programmes across India.

INSTITUTIONAL CREDENTIALS & ECOSYSTEM RECOGNITION

Shown from institution-supplied materials. ISO 9001:2015 and DPIIT/Startup India registration are company credentials; other marks indicate accreditation ecosystem, incubation or recognition relationships. They do not imply government endorsement of this event.

INSTITUTIONAL SELECTION · COLLEGE EDITION

Bring the challenge to your college.

Only 50 colleges will be selected for the 2026 national college cohort.
Register interest and select your preferred online, offline or combined format.

01 · Register

Share college and faculty coordinator details.

02 · Select mode

Online foundation, on-campus lab or combined journey.

03 · Confirm

Final scope, date, cohort and requirements are written.
